- frontierCities Package
- Who We Are Looking For
- Application Process
- Brief Summary

frontierCities: Who We Are

- FIWARE Accelerator
- Smart Mobility Solutions
- Developed & Deployed for Cities
- Linking SMEs, Start-Ups & Web-Developers to Cities

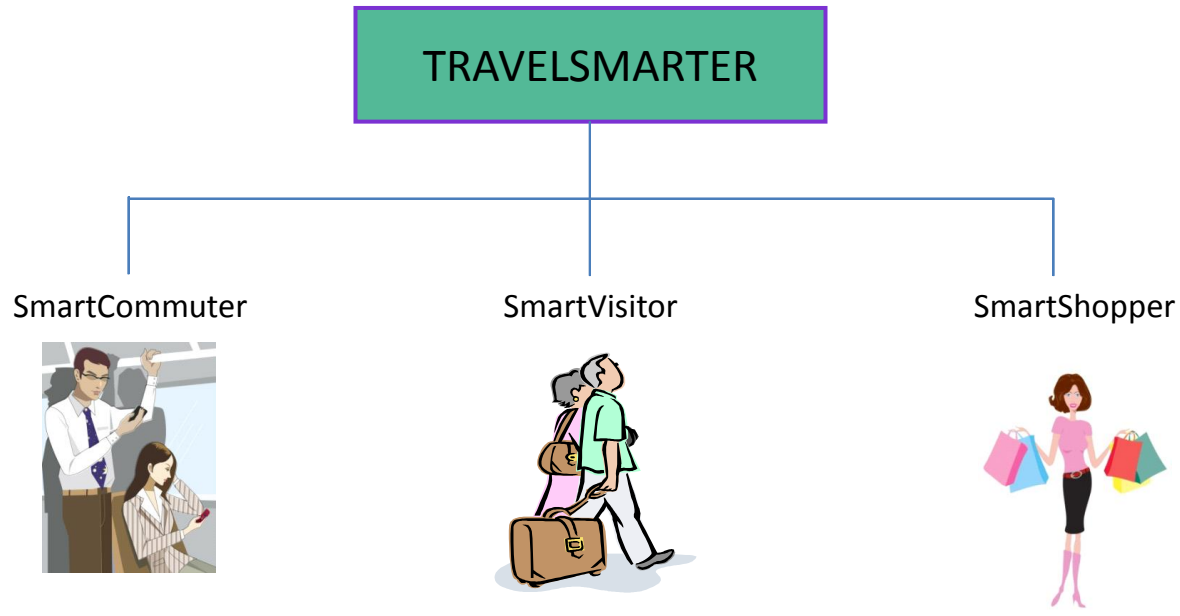

Cities & Smart Mobility

- Half the world's population live in cities
- Population of cities will grow by 2 billion in the next 20 years
- Cities account for 70% of Global GDP
- Smart Mobility Solutions:
 - Intelligent Traffic Systems
 - Uber
 - TRAVELsmarter

TRAVELsmarter

- Developed by the University of Surrey
- Using FIWARE technology

TRAVELsmarter: App Architecture

- A majority of the enablers used by the application come from existing OTS APIs (e.g. Google API) as many FIWARE GEs were not available at the time of development.
- The OpenID (FIWARE) GE was used in facilitating the user login process

frontierCities Package

- EUR 50,000 – EUR 150,000 in grant funding
- Business Development Support
- Technical Support
- Training Sessions & Boot-camps
- Access Pan-European Network
- Showcase Event
