FIWARE Association

Building a reliable SME Community

Piotr Pawałowski <piotr@pawalowski.pl>

2015-06-09, Warszawa

**We want FIWARE to be
a successful Open Source platform
making developer life
easier and getting things done more quickly**

www.fiwareassociation.eu

FIWARE
ASSOCIATION

A word to the SMEs

You should not see yourself as
FIWARE customers yet, but co-developers
that will test and improve FIWARE.

FIWARE
ASSOCIATION

FIWARE Association

Bottom up movement
by SMEs for SMEs

to create a reliable eco-system for
FIWARE developers and users.

FIWARE
ASSOCIATION

Our Mission

- Build independent FIWARE community
- Link the new FIWARE Users and SME Developers to the core developers of the FIWARE Community
- Crowd-based support for FIWARE stakeholders to increase reliability and sustainability of FIWARE
- Support the development of independent FIWARE infrastructure
- Bounty programs to improve GE quality

Our work so far

- Licenses on FIWARE – terra incognita (<http://www.fiwareassociation.com/licenses-on-fiware-terra-incognita/>)
- FIWARE GEs and SEs used by A16 SMEs – in progress
- FIWARE GEs quality check – in progress (together with the I3H project)

Our channels

- WWW: fiwareassociation.eu
- Slack team „FIWARE Users & Developer“: fiwaredev.slack.com (email piotr@pawalowski.pl to be added)
- Mailing list: <https://mailinglists.dyne.org/cgi-bin/mailman/listinfo/fiware-general>
- Twitter: @fiware_assoc

FIWARE
ASSOCIATION

Thank you very much!
